Lulworth Castle, Dorset.

The problem.

To undertake routine maintenance to the internal and external high-level areas without damaging the historic fabric of the castle.

Window cleaning at Lulworth Castle

The solution

Using skilled tradesmen with roped access training Vertical Technology are able to undertake the high-level maintenance without the need for costly scaffolding.

- Installing roped access anchor points and fall arrest lifelines.
- Cleaning windows, ledges, beams and difficult to reach surfaces.
- Painting window frames and lime-washing rendered surfaces.
- Conservation of historic metalwork.
- Safety netting
- Vegetation removal & weeding

Limewashing rendered surfaces
